FOR PRESS RELEASE AND RADIO ANNOUNCEMENT

WATER CONSERVATION NOTICE REMINDER

AFFECTED AREAS: NORTH AND SOUTH KONA; HAWAII

Due to the ongoing dry weather conditions, the Department of Water Supply would like to remind consumers in the Affected Areas that they are under **Water Conservation**. The Water Conservation Notice is a request to reduce your daily water usage by 10%. Listed are some ways to conserve water to reach the 10% goal:

- Wash full loads of laundry only.
- Wash full loads of dishes only.
- Serve drinking water only when requested.
- Do not let the faucet run unnecessarily.
- When bathing, use water only to wet and rinse off
- Do not fill up the bathtub.
- Use a glass to rinse when brushing your teeth.
- Do not flush toilets unnecessarily.
- Stop lawn sprinkling.
- Stop car and boat washing.
- Stop dust control watering.
- Use drinking water wisely.

Agricultural users shall irrigate only at night from 8:00 p.m. to 6:00 a.m. This measure will reduce water loss due to evaporation and minimize water system drain during peak demand.

For more information, please contact Mr. Dennis Lee at 961-8790.
